Test format (similar to test for Lekce 1): open-ended questions; section on the vocative; section on nom plurals; fill-in-the-blanks section to test word and grammatical form knowledge; vocab section (antonyms?); and sentence-writing/essay section. For the oral, see >

# Čeština 115/351, Guide to Oral Test

The oral may consist of any of the following:

- A sample reading: you will read a short text outloud (can you read Czech smoothly?) and then answer questions on the passage (in Czech).
- General questions about you (how you are, what languages you know, what your family members' names are and what languages they know, your nationality, etc.).
- Questions about things (what's there? how many? what are they like?).
- A situation (dialog!) in which you ask ME questions (since I'm a shy Czech that you've just met at a party).
