

Day 16: Script Development

Suggested Reading:

A good book (not about Perl)

Homework Review

Coding Priorities

Clarity

Correctness

Efficiency

The Story of Mel

<http://rixstep.com/2/2/20071015,01.shtml>

Script Development

1. Understand the Problem

2. Top-Down Planning

3. Bottom-Up Coding

4. Design - Code - Test

5. Refactor Mercilessly

Final Questions, Comments?

Thank You!
