Homework 4*

CS 525

1. Do exercise 3-5-3 (without using MATLAB).

2. Do exercise 3-5-4.

3. Do exercise 3-6-7.

4. Read section 3.6.1 of the text and use the substitution method from example 3-6-3 to solve exercise 3-6-10. Does the problem have a unique solution.

5. Read over section 3.6.3 of the text (paying particular note to the special cases on page 83 and example 3-6-13) and then do exercise 3-6-14.

6. Do exercise 3-6-17.
