Homework 12*

CS 719, Semester II, 1996-97

Friday April 25, 1997

1. Exercise 17.1 (page 686).
2. Exercise 17.2 (page 686).
3. Find an optimal solution to the problem given in exercise 17.7 (pg 686) using GAMS. Use the multicommodity flow optimality conditions to prove that your solution is optimal.

---

*Homework due in class one week after assigned. No late homework accepted.
