

GENI WiMAX Testbed

CS 407 Spring 2014

- WiMAX testbed
- Poll
- Reserving Time Individually

- **WiMAX testbed**
- Poll
- Reserving Time Individually

- Comprised of physical hardware
 - Base station
 - WiMAX base station RF unit
 - 120° directional antenna
 - Server
 - Modified ASN-GW
 - GENI aggregate manager
 - Clients
 - Orbit “yellow nodes”
 - PCIe WiMAX chip
 - Experimental controller (OMF)

- How it works
 - Write an experiment description file
 - Tell the WiMAX node(s) what to do
 - Ping
 - Ipref
 - Vlc
 - Etc.
 - What information to collect from the experiment
 - Ex. Ping - rtt
 - Graph of live experiment data (optional)
 - Execute the file (omf exec)
- For the purpose of the assignment, this is written for you.

- Physical hardware limitations
 - Multiple people can't control the same WiMAX node
 - Limits to one person at a time per testbed
- Testbed reservations
 - UW-Madison
 - Single reservations
 - NYU Poly
 - Single reservations or group reservations
 - Queue for group reservations
 - » Execute one persons experiment, then the next, etc.

- Assignment testbed reservations
 - NYU Poly
 - Single reservations
 - 1 hour timeslots (85 students = 85 hours > 3.5 days)
 - (demo later)
 - Group reservations
 - Need to accommodate most number of students for a given block of time

Doodle Poll

- Selecting the top 2 or 3 time slots based on distribution
- I can't make it...
 - Schedule time for yourself on the testbed
 - **Don't wait until the last minute!**
 - There may not be time slots available to reserve
- Poll open now and closes on Friday at Noon!

- WiMAX testbed
- Poll
- **Reserving Time Individually**

How to reserve time

- <http://witestlab.poly.edu>
- Click “Log In/Out”
 - Click “Log In”
- Click “Pages”
 - Click “Reserve Testbed Time”
- Select a date
- 1 hour blocks to reserve
 - Time is in 24-hour format in EST
 - Subtract one hour to put in CST

Setting up the testbed

- Prepare the node for experimentation
- Follow the instructions here:
- <http://witestlab.poly.edu/respond/sites/cs407spring2014/module/introduction-set-up>

Brief Demo

- Questions?
