Create a shortcut to launch Eclipse

1.   Login to default desktop
   on Ubuntu workstation.
   Find launch bar in upper left corner.

launcher bar

2.   Click the Search... icon.

search

3.   Type `eclipse`

4.   Click and drag the Eclipse icon to your
   launcher bar.

5.   The Eclipse icon is now
   in the launcher bar and can
   be used to launch Eclipse.
