email:

UW ID:

```
#include <stdio.h>
```

```
// Declaration of the function mystrlen.  
unsigned int mystrlen(char a[]);
```

```
int main()  
{  
    char mystr[] = "BADGERS";  
    unsigned int len;  
    len = mystrlen(mystr);  
    printf("len = %u\n", len);  
    return 0;  
}
```

```
unsigned int mystrlen(char a[])  
{  
    // Write code here to calculate and  
    // return the length of the string.
```

```
}
```
