

CS 787
Fall 2010
Homework #0

Please fill in the questionnaire below and bring it back to class on Wednesday, September 8.

1) Write your name and e-mail address somewhere on this page. If I don't already know you, attach a picture of yourself.

2) What is your major area of interest?

3) Why are you taking this course? (E.g. "minor area requirement," "desperately need thesis topic," etc.)

4) I would like to get some idea of what you already know. Please tell me which courses you have taken (if any) in the following areas.

1. Algorithms, complexity theory.

2. Other computer science.

3. Probability and/or statistics.

4. Modern algebra and/or number theory.

5. Other math.

5) What else should I know about you?
