The diagram illustrates the relationship between three source files. At the top is a header file, 'Aiur/AiurModule/Source/AiurModule.h', which is highlighted with a gray background. Below it are two source files: 'Aiur/AiurModule/Source/AiurModule.cpp' on the left and 'Aiur/AiurModule/Source/Dll.cpp' on the right. Blue arrows point from each of these source files up to the header file, indicating that both source files include the header file.
