

getUnitType

```
graph LR; A[getUnitType] --> B[unitTypeOrderCompare]
```

A diagram showing a call from the `getUnitType` method to the `unitTypeOrderCompare` method. The `getUnitType` box is shaded gray, and the `unitTypeOrderCompare` box is white. A blue arrow points from the right side of the `getUnitType` box to the left side of the `unitTypeOrderCompare` box.

unitTypeOrderCompare
