

AiurModule::onEnd

```
graph LR; A[AiurModule::onEnd] --> B[log]
```

A diagram showing a call from the function `AiurModule::onEnd` to the `log` function. The `AiurModule::onEnd` node is a gray rectangle, and the `log` node is a white rectangle. A blue arrow points from the right side of the `AiurModule::onEnd` node to the left side of the `log` node.
