The diagram illustrates a dependency relationship in a codebase. At the top, a grey rectangular box contains the header file path: `SnippyHolloW-BroodwarBotQ-f01ab56/src/Micro/Goals/KillSubgoal.h`. Below this, there are two white rectangular boxes. The left box contains the source file path: `SnippyHolloW-BroodwarBotQ-f01ab56/src/Micro/Goals/KillSubgoal.cpp`. The right box contains the source file path: `SnippyHolloW-BroodwarBotQ-f01ab56/src/Micro/Micro.cpp`. Two blue arrows originate from the bottom-right corner of the left box and the bottom-left corner of the right box, both pointing towards the bottom edge of the top grey box, indicating that both source files include or depend on the header file.
