```
graph BT; A[SnippyHolloW-BroodwarBotQ-f01ab56/src/MicroDll.cpp] --> C[SnippyHolloW-BroodwarBotQ-f01ab56/src/MicroProject.h]; B[SnippyHolloW-BroodwarBotQ-f01ab56/src/MicroProject.cpp] --> C;
```

The diagram illustrates a dependency relationship between three source files. At the top, a grey rectangular box contains the header file path: `SnippyHolloW-BroodwarBotQ-f01ab56/src/MicroProject.h`. Below this, there are two white rectangular boxes. The left box contains the source file path: `SnippyHolloW-BroodwarBotQ-f01ab56/src/MicroDll.cpp`. The right box contains the source file path: `SnippyHolloW-BroodwarBotQ-f01ab56/src/MicroProject.cpp`. Two blue arrows originate from the top-right corner of the left box and the top-left corner of the right box, both pointing towards the bottom edge of the top box, indicating that both source files include or depend on the header file.
