

messages::Bullet::set_remove_timer

ClientModule::onFrame

```
graph RL; A[ClientModule::onFrame] --> B[messages::Bullet::set_remove_timer];
```

The diagram illustrates a function call. A white rectangular box on the right, labeled 'ClientModule::onFrame', has a dark blue arrow pointing left to a gray rectangular box on the left, labeled 'messages::Bullet::set_remove_timer'. Both boxes have a thin black border.
