

quorum/ExampleAIModule/CombatSCVMicroTactics.h

```
graph BT; A[quorum/ExampleAIModule/CombatSCVMicroTactics.h] --> B[quorum/ExampleAIModule/CombatSCVMicroTactics.cpp]; A --> C[quorum/ExampleAIModule/CrawlingBallAttack.cpp];
```

The diagram illustrates a header file being included by two source files. At the top, a gray-shaded box contains the header file path: `quorum/ExampleAIModule/CombatSCVMicroTactics.h`. Below it, two white boxes represent source files. The left box contains `quorum/ExampleAIModule/CombatSCVMicroTactics.cpp` and the right box contains `quorum/ExampleAIModule/CrawlingBallAttack.cpp`. Two blue arrows point from the bottom of each source file box up to the header file box, indicating that both source files include the header.
