

ValkyrieAerialSquadron::getSubTeam

```
graph LR; A[ValkyrieAerialSquadron::getSubTeam] --> B[MicroTacticsModel::getUnit]; A --> C[BWAPI::Unit::getType];
```

The diagram illustrates a method call from `ValkyrieAerialSquadron::getSubTeam` to two other methods: `MicroTacticsModel::getUnit` and `BWAPI::Unit::getType`. The source method is highlighted in a gray box, while the target methods are in white boxes. Blue arrows indicate the direction of the calls.

MicroTacticsModel::getUnit

BWAPI::Unit::getType
