The diagram illustrates a header file dependency. At the top, a gray box contains the header file path: `trunk/bwapi/TestAIModule/Source/RepairTest.h`. Below it, two white boxes represent source files: `trunk/bwapi/TestAIModule/Source/RepairTest.cpp` on the left and `trunk/bwapi/TestAIModule/Source/TerranTest.cpp` on the right. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header file.
