

BWAPI::ExplosionTypes::getExplosionType

```
graph LR; A[BWAPI::ExplosionTypes::getExplosionType] --> B[BWAPI::fixName]
```

The diagram consists of two rectangular boxes connected by a dark blue arrow pointing from left to right. The left box has a light gray fill and a black border, containing the text 'BWAPI::ExplosionTypes::getExplosionType'. The right box has a white fill and a black border, containing the text 'BWAPI::fixName'.

BWAPI::fixName
